Thessaloniki, Greece

PROFESSIONAL PROFILE

Junior Frontend Engineer with 2 years of experience building responsive React and TypeScript interfaces. Skilled in CSS, accessible component implementation, and component testing with Vitest. Comfortable collaborating with designers and backend engineers to deliver user-friendly web features.

PROFESSIONAL EXPERIENCE

Junior Frontend Engineer

Jan 2025 - Jun 2026

Aegean Pixel Labs · Thessaloniki, Greece

- Built reusable React and TypeScript UI components for customer-facing dashboards and internal tools.
- Implemented accessible React components with semantic HTML, keyboard navigation, focus states, and ARIA attributes.
- Added Vitest component tests for forms, filters, and shared widgets, improving confidence during releases.
- Worked closely with UX designers to refine responsive layouts using modular CSS.

Technologies: React, TypeScript, CSS, Vitest, HTML, ARIA, Git

Frontend Developer Intern

Jul 2024 - Dec 2024

Northport Digital Studio · Thessaloniki, Greece

- Supported delivery of landing pages and product views using React, TypeScript, and CSS.
- Fixed accessibility issues identified during reviews, including contrast, labels, and keyboard interaction problems.
- Created basic Vitest coverage for interactive components and utility functions.

Technologies: React, TypeScript, CSS, Vitest, Figma, Git
