Athens, Greece

PROFESSIONAL PROFILE

Senior Python backend engineer with 8 years of experience building and operating API-driven services. Experienced with FastAPI, PostgreSQL, Docker, and AWS, with a track record of improving reliability, delivery speed, and service observability. Led a team of 5 engineers while delivering backend platforms and data-intensive services.

PROFESSIONAL EXPERIENCE

Senior Backend Engineer

Jun 2022 - Present

Astera Commerce · Athens, Greece

Team leadership: managed 5 people

- Led development of FastAPI microservices for checkout and account workflows.
- Designed PostgreSQL schemas and query patterns to support higher traffic and lower latency.
- Packaged services with Docker and deployed workloads on AWS.
- Mentored and coordinated a team of 5 engineers across sprint planning and delivery.

Technologies: Python, FastAPI, PostgreSQL, Docker, AWS

Backend Engineer

Mar 2019 - May 2022

HelioPay Systems · Athens, Greece

- Built internal and customer-facing Python APIs for payments and reconciliation.
- Implemented PostgreSQL-backed data models and reporting endpoints.
- Improved deployment consistency using Docker-based development and release workflows.
- Partnered with product and QA to reduce production defects and speed up releases.

Technologies: Python, FastAPI, PostgreSQL, Docker, AWS

Software Engineer

Jan 2018 - Feb 2019

Northwind Digital · Athens, Greece

- Developed Python services for user management and notification delivery.
- Created REST endpoints and database integrations with PostgreSQL.
- Supported containerized local environments to streamline team development.
- Contributed to cloud-hosted application maintenance and troubleshooting.

Technologies: Python, PostgreSQL, Docker, AWS
